

BRIAN NYAKUNDI

Computer Technologist

Career Objective

Highly motivated and detail-oriented Bachelor of Science in Computer Technology student with a strong foundation in networking, operating systems, and cybersecurity. Eager to leverage acquired knowledge and certifications in C#, C++, JavaScript, Microsoft Office, Windows, Linux, Android, MAOS, and databases to contribute to a dynamic team as a Cybersecurity Analyst. Seeking to apply analytical skills and a proactive approach to identify and mitigate cyber threats, ensuring robust security postures for organizations.

Projects

Developed a comprehensive Windows desktop application using C# and .NET Framework to efficiently manage car dealership operations. The system integrates inventory, sales, customer, staff, financial, car, and order management into a single platform. Utilized MySQL for secure and scalable data storage, and Microsoft Visual Studio 2022 for development. My role involved the full system development lifecycle, including design, implementation, and testing of various modules.

Education

2023 - Present	Bachelor of Science in Computer Technology <i>Murang'a University of Technology</i>
January 2021 - December 2022	High School Education <i>St. Joseph's Boy High School</i>
January 2011 - November 2018	Primary Education <i>Makolongo Primary School</i>

Contact.

Address.

Box 74140-00200,
City Square, Nairobi.
Phone: +254743131826
E-mail: btiar0928@gmail.com

Skills

- **Programming Languages:**
C#, C++, JavaScript
- **Software:**
Microsoft Office
- **Operating Systems:**
Windows, Linux, Android, MAOS
- **Databases:**
MySQL, and various other common relational and non-relational databases.
- **Computer Skills.**
Proficient in various software applications and tools relevant to the field
- **Data Analysis:**
Proficient in data collection, analysis, and interpretation.

OTHER QUALIFICATIONS

2024	Certificate in Data Analysis Cisco Networking Academy
2024	Certificate in Operating System Cisco Networking Academy
2024	Certificate in Networking Cisco Networking Academy
2024	Certificate in Introduction to Cybersecurity Cisco Networking Academy
Currently	Cyber Threat Management Cisco Networking Academy

- **Problem-Solving and Decision-Making:**

Analytical thinking for troubleshooting and sound decision-making.
